

Epson EB-1775W

DATASHEET

LAUNCH DATE: November 2010

Whether travelling on business or simply moving between meeting rooms, this ultra-mobile projector is the ideal choice for effective, stress-free presenting.

Weighing just 1.7kg, this stylish projector combines an extra-flat design with 3LCD technology and a 3,000 lumens output. The result is exceptional picture quality and bright, natural colours, while the WXGA projector offers widescreen presenting.

Images are completely focused and fit the screen or whiteboard perfectly with the addition of automatic vertical and horizontal keystone correction and screen-fit functions. And with no placement constraint, you can set up the projector anywhere in the room and your image will be automatically adjusted to fit the screen.

Presentations can be controlled and improved with a host of EasyMP features including: wireless connectivity, 3-in-1 USB display, USB plug-and-play flash drive and multi-screen display.

KEY FEATURES

- Extra-flat, ultra-light design
- 3,000 lumens for easy daylight viewing
- Automatic vertical and horizontal keystone correction and screen-fit functions
- USB Display for fuss-free presenting
- Quick start-up and instant-off functions

EPSON
EXCEED YOUR VISION
