

# Epson EH-TW550

## DATASHEET

Combining rich, sharp images with 3D full capabilities, the EH-TW550 is an ideal projector for gamers, film enthusiasts and sports fans who want more from their home entertainment equipment. Automatically detecting and playing 3D content, this 720p HD-Ready projector boasts 3LCD technology, for bright, immersive images.

The EH-TW550 delivers an equally high White and Colour Light Output of 3,000 lumens that means whether in 2D and 3D you're playing video games, watching films or cheering on your sports team during the day, you no longer have to sit in the dark to do so. With a 5,000:1 contrast ratio and Epson's 3LCD technology, it you'll always have superb quality images. Gamers will appreciate the specific video game colour mode, which greatly enhances gameplay and enjoyment.

With its slim, lightweight design, you can take the big screen experience with you as the projector is easy to transport. The EH-TW550 is also quick and simple to set up, thanks to its manual horizontal slider and automatic vertical keystone correction. Whatever the angle of the projector, you can easily align the projection manually to ensure a straight and correct image.

Designed to be used with a pair of lightweight, rechargeable Radio Frequency (RF) active shutter 3D glasses\*1, not included with the projector, you can enjoy content without interference. These industry standard glasses mean you can keep them for future upgrades, and also use them with other home projector and TV manufacturers.

Additionally, thanks to the three-year lamp warranty, you can relax and enjoy your HD-Ready content at its best.

## KEY FEATURES

- 3,000 lumens White/Colour Light Output
- Support all 3D contents format
- 3LCD Full HD technology
- Slim, lightweight design
- Keystone correction
